

List the top 10-15 vegetables and herbs you eat often and want to grow in 2023:

How much time per week do you want to spend maintaining your garden?

List some challenge you've had (or expect to have) in your home garden:

Describe your ideal garden set up (ex: size, pots vs raised beds, access to sun and water, etc)

What changes can you make this season to address these challenges? What skills are you hoping to learn?
